

Odoo ERP POS V12

In just a few minutes, you will have your own Odoo Enterprise Resource Planning platform that is totally under your control.

Control your Point Of Sale with Odoo

POS simple and practical. Installation in minutes, sale in seconds. Compatible with any device.

Everything your store needs.

Odoo POS is based on a smart interface that any commercial company can use without any difficulty. Thanks to its flexibility, you can configure Odoo POS to exactly match specific needs.

Online or offline.

The Odoo Point of Sale remains reliable even if your connection is not. Set up new stores quickly and easily with just an internet connection. Then use your Point of Sale (POS) anywhere anytime.

You need an internet connection to start the Point of Sale, but it remains operational even if you have a network disconnection.

In addition to the standard features offered by odoo, we have composed for you some advanced features developed by the OCA community.
